# HOLOENERGETICS®

## *Transformational Mind/Body Therapy*

Imagine embarking on a guided meditative journey into your past and discovering that the seeds of your present physical, mental or emotional problems were actually painful past experiences that were frozen inside you.

Holoenergetics® is a mind/body therapy that allows us to recognize the limiting beliefs and dysfunctional energy patterns associated with painful past experiences. It then empowers us to release this energy, reform the beliefs and ultimately heal its present physical, mental or emotional expression.

The seemingly miraculous results obtained by Holoenergetics® can be explained by the combination of scientific and quantum principles employed by Dr. Leonard Laskow in developing this transformational process. These principles are outlined in Dr. Laskow's book "Healing with Love."
